

RESOLUTION NO. 2010/021

A RESOLUTION OF THE CITY OF DEERFIELD BEACH, FLORIDA, OPPOSING THE APPROVAL OF OIL DRILLING IN FLORIDA'S WATERS IN AREAS OTHER THAN THOSE ALREADY APPROVED FOR OIL LEASING AND OIL EXPLORATION

WHEREAS, Florida's economy depends on its multi-billion dollar tourism industry, which resulted in more than 82 million visitors coming to Florida in 2008, during which period tourism generated over \$4.0 billion in taxable sales; and

WHEREAS, tourism accounts for one-third of Florida's budget revenue and 96% of those visitors cite the beaches as an influential factor in their decision to visit Florida; and

WHEREAS, tax revenues generated from Florida's growing tourism industry are critical to continued funding of essential governmental services, including transportation, schools, and public safety; and

WHEREAS, the testing and training ranges of the eastern Gulf of Mexico are a unique and irreplaceable national security asset that provides critical live-fire testing and training opportunities that are incompatible with mineral exploration and extraction; and

WHEREAS, the area with the potential for the greatest risk of environmental damage is the eastern part of the Gulf of Mexico, off the western coast of Florida; and

WHEREAS, environmental specialists contend the major risk from drilling platforms is the wastewater they routinely discharge which contains drilling fluids and heavy metals including mercury; and

WHEREAS, According to Oil Industry data, an oil rig in the Gulf of Mexico can dump up to 90,000 tons of drilling fluid and metal cuttings over its lifetime. These contaminants accumulate in the marine food web and may contaminate local beaches and have a negative effect on the environment and the tourism industry; and

WHEREAS, it is our belief that despite technological advances in oil drilling technology, there is no positive assurance that catastrophic damage to our coastline, beaches, plant and fish life could be avoided during normal operating conditions or during storm situations; and

WHEREAS, lifting the moratorium on mineral leasing in the Gulf of Mexico poses an intolerable threat to the beaches, waterways, economy of Florida, and national security;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DEERFIELD BEACH, FLORIDA, AS FOLLOWS:

SECTION 1. We strongly encourage all elected officials at the County, State and Federal levels to oppose legislative attempts to allow offshore oil drilling expansion past the areas already approved for pre-leasing, leasing and oil production activities and to take immediate steps to encourage and assist in the development of alternative sources of energy.

PASSED AND ADOPTED THIS 2ND DAY OF FEBRUARY, 2010.

PEGGY NOLAND, MAYOR

ATTEST:

ADA GRAHAM-JOHNSON, MMC, CITY CLERK
